

User management: How can a user create a Batch/User for a newly created group ?

Steps:

1. Go to Settings --> Group Mgmt.
2. Click on the Create button.
3. Enter the Group Name.(say "xyz")
4. Click on the Create button.
5. Go to Settings --> User Mgmt.
6. Click on the Create button.
7. Enter the Batch Name.
8. Enter the size of the Batch.
9. Select the above created group ("xyz") and either Student or Teacher group.
10. Click on the Submit button.

NOTE :: Selecting Student or Teacher group option is mandatory along with the newly created group.
