{avatar_b} RDE use cases: How to change/set default image of collection.

1. once the image is deployed for collection, go to collection tab.

2. look for collection of interest.

3. click on setting button for same and choose option 'default image'

4. it will display dialog box which allows to chose image to set as default amongst all deployed images.

5. once the default image is changed, default image column immidiately disply name of image.
